TIS App

A feature of the TIS website is that it can be added to your phone like an app (known as a progressive web app). Think of it as a website built using web technologies but that acts and feels like an app.

Tap the **Share button** in Safari's menu bar

Add to Home Screen

Tap the **Add to home screen icon**

On **iOS**, open the website in Safari, look for the Share button, then find and click Add To Homescreen. On **Android**, open the website in Chrome, look for the three dots by the URL name, then find and click Add To Homescreen. You should then see a TIS app icon on your phone.

SMS Text Messaging Service

An easy and convenient way to learn about school closures due to inclement weather. Subscribe/unsubscribe by submitting the [SMS Subscription Form](#).
