

WHY TIS?

Join us and experience our welcoming atmosphere. Come meet our professional teachers and see how the TIS Advantage can make a difference in your child's education journey.

A COLLABORATIVE LEARNING & TEACHING ENVIRONMENT

Your child is supported throughout their entire education journey by professional teachers. At TIS, we believe that effective education includes the child, parent, school and broader community working together to achieve a common goal. We balance school work with other activities to create a successful student and a well-rounded young person.

INSPIRING EXCELLENCE & BUILDING CHARACTER

At TIS we have integrated certain desirable character traits throughout the school to assist in helping our students strive not only for excellence in their work but also in their day-to-day interactions with others. It is not enough for young people to be excellent students; they must learn to participate, solve problems and form their own opinions.

CARING & PROFESSIONAL TEACHERS

Our teachers genuinely are the shining stars of our school. Each possess strong leadership skills with a shared commitment to the vision of successful students. In addition, they exhibit an authentic devotion not only for their chosen profession but for each of their students and act as role models for our students and community.

HIGH EDUCATION STANDARD

TIS has implemented the Alberta Curriculum and IB in Grades 11 & 12. These academically rigorous programs offer students a complete pathway to further education supported by our Academic Counsellors.

Our younger students are immersed in language development, reading and mathematics to ensure a firm foundation for study in higher years.
