REVIEWED: June 1, 2020

AMENDED: November 11, 2020

APPROVED: TIS Board

RATIONALE

The School recognizes, from time to time, it may be necessary to exclude a student, through suspension or expulsion from a class, one or more courses or programs, school sponsored functions, school or riding school buses.

The School views this suspension or expulsion as an extreme penalty and believes it should be used only after alternatives have been considered to encourage the student to act responsibly. The School believes that a student's right to attend class, school, ride a school buses or participate in an activity approved or sponsored by the School may be suspended where a student's conduct:

1. is injurious to the physical or mental well-being of others in the school;
2. causes a significant disruption to the learning of students;
3. demonstrates flagrant or continued disregard of rules or;
